## The Consultation

Once you have decided to invest in our services, you will meet with our lead photographer from our company who will discuss with you in detail, the services, the style of photography you desire, the length of time, and location of your choice.

## Your Session and Our Guarantee:

We at CPI employ only state of the art photographic equipment to ensure that every image we capture is perfect in clarity, color and composition. We Process your digital images with professional photo-editing- software to ensure the best possible colors and clarity. We will create an eclectic heirloom for you to share and tell for generations. Our friendly photographers, album and DVD slide show designer will work with you every step of the way to ensure your complete satisfaction and guarantee, whether you are searching for the latest in Italian design albums, state of the art slide show, Framed and High Quality Archival Prints Wall cluster and Products.
