## Here's What Moms have to say:

Bradford Studio has done photography for our family through several generations. Mark & Karen make you feel so at ease that your smiles and laughs are very genuine. They never make you feel rushed but rather that you are the most important person at the time.

We are always amazed at Mark's exceptional gift working with small children. He is able to capture the little ones attention through his comedy while, at the same time, shooting pictures at just the right moment. We smile every time we look at our portraits on the wall.

Bradford's have made our pictures memories to be cherished for years to come.

~ Sharon Schisler

I have been a client at Bradford Studio for over 5 years and they always deliver exactly what I'm hoping for. Mark is extremely patient with young children and won't give up until he has gotten the right shot, no matter how many breaks we have to take. He makes the sessions fun. He is passionate about capturing the right moment.

Mark has photographed each of my three children and found a way to bring out each of their personalities. I recommend Bradford Studio to my friends and family for the quality of photographs, the genuine friendliness of the staff, overall good experience at each session and great pictures I can look back at for years to come as my children grow. ~ Kristin Smith

Our family had a wonderful experience with Bradford Studio. The initial meeting, through the photo shoot, to the choosing of the portraits was all very enjoyable. Mark was a treat to work with and we are very pleased with our photos! We look forward to working with him again! ~ Kerry Graveline

Mark and Karen Bradford provide outstanding quality and service in the art of photography. We have young children, and Mark and Karen do such a great job photographing them. Our kids love it when their son, Parker, whom our kids adore, helps out. Mark and Karen have raised two wonderful kids to be outstanding young adults, so they know what it takes to work with young children and bring out the best in them. We have had such great experiences that we have worked with Mark and Karen to photograph milestone events, first with our daughter, then our daughter and son. Magic has been capture in every event, and Mark and Karen have been so patient in helping us to narrow in on the best-of-the-best shots. Mark and Karen are a class act and run a class-act studio. - Marci Weaver-

When you hear comments like this, it makes you so proud to know you've created something for a family that they will cherish for the rest of their lives. We want to do the same for you.
