## PREPARING FOR YOUR PORTRAIT

The look you want to convey is reflected mainly by the clothing you choose. A casual look is reflected with informal clothing, a blouse with not jacket, a polo shirt or casual button down without a tie or suit. Formal can be determined has a lot to do with the clothing you choose. a strong message about your personality and professionalism. The proper wardrobe selection can mean the difference between a portrait that is merely acceptable and one that is truly impressive.

For all sessions, color tones are important. What you wear often determines the background. If you are planning to wear lighter tones, a white or light toned background is often most desirable. For darker clothing a darker background is usually preferred. There are of course exceptions, for uniforms or when a background must match a corporate site.

For outdoors, we suggest wearing solid tones, in colors that will blend with the background so that your face will contrast.

### MEN

Wardrobe choices for men vary highly with style, profession and personality. A medium to dark suit, white or light pastel shirt and complementing tie with a touch of contrast creates the classic corporate look. If your profession calls for a more casual appearance, choose clothes that look professional while conveying a sense of what you do and who you are.

Finally, if your portrait session will take place in the afternoon, don't forget the importance of a fresh shave!

### WOMEN

Most women find that a medium to dark suit achieves a professional look. A dress or blouse, worn without a jacket, should have half or full sleeves. Also, wear clothing that is not bulky or loose. Choose an outfit in which you feel comfortable and attractive. Hair and makeup should reflect your own natural style. Limit jewelry as it can be distracting. We recommend wearing a solid color shirt, one that the neckline is not too low, and avoid bulky scarves, cowl necks etc.

### IMAGE SELECTION

Selection of your image will be made after your portrait session or during a separate viewing appointment at the studio. Your image will be retouched and sent via email for download. For larger groups, alternative viewing may be arranged.
